### **Section A: Who Will Follow This Notice?**

This Notice describes Highland Park Endodontics, Ltd. (hereafter referred to as 'Provider') Privacy Practices and that of:

Any workforce member authorized to create medical/dental information referred to as Protected Health Information (PHI) which may be used for purposes such as Treatment, Payment and Healthcare Operations. These workforce members may include:

- All departments and units of the Provider.
- Any member of a volunteer group.
- All employees, staff and other Provider personnel.
- Any entity providing services under the Provider's direction and control will follow the terms of this notice. In addition, these entities, sites and locations may share medical/dental information with each other for Treatment, Payment or Healthcare Operational purposes described in this Notice.

### **Section B: Our Pledge Regarding Medical/Dental Information**

We understand that medical/dental information about you and your health is personal. We are committed to protecting medical/dental information about you. We create a record of the care and services you receive at the Provider. We need this record to provide you with quality care and to comply with certain legal requirements. This Notice applies to all of the records of your care generated or maintained by the Provider, whether made by Provider personnel or your personal doctor.

This Notice will tell you about the ways in which we may use and disclose medical/dental information about you. We also describe your rights and certain obligations we have regarding the use and disclosure of medical/dental information.

We are required by law to:

- Make sure that medical/dental information that identifies you is kept private;
- Give you this Notice of our legal duties and privacy practices with respect to medical/dental information about you; and
- Follow the terms of the Notice that is currently in effect.

### **Section C: How We May Use and Disclose Medical/Dental Information About You**

The following categories describe different ways that we use and disclose medical/dental information. For

each category of uses or disclosures we will explain what we mean and try to give some examples. Not every use or disclosure in a category will be listed. However, all of the ways we are permitted to use and disclose information will fall within one of the categories.

- **Treatment.** We may use medical/dental information about you to provide you with medical/dental treatment or services. We may disclose medical/dental information about you to doctors, nurses, technicians, health care students, or other Provider personnel who are involved in taking care of you at the Provider. For example, a doctor treating you for an infected tooth may need to know if you have diabetes because diabetes may slow the healing process. In addition, the doctor may need to tell his assistants if you have diabetes so that we can arrange for appropriate post-operative care. Different departments of the Provider also may share medical/dental information about you in order to coordinate different items, such as prescriptions, lab work and x-rays. We also may disclose medical/dental information about you to people outside the Provider who may be involved in your medical/dental care after you leave the Provider.
- **Payment.** We may use and disclose medical/dental information about you so that the treatment and services you receive at the Provider may be billed and payment may be collected from you, an insurance company or a third party. For example, we may need to give your health/dental plan information about treatment you received at the Provider so your health/dental plan will pay us or reimburse you for the procedure. We may also tell your health/dental plan about a prescribed treatment to obtain prior approval or to determine whether your plan will cover the treatment.
- **Healthcare Operations.** We may use and disclose medical/dental information about you for Provider operations. These uses and disclosures are necessary to run the Provider and make sure that all of our patients receive quality care. For example, we may use medical/dental information to review our treatment and services and to evaluate the performance of our staff in caring for you. We may also combine medical/dental information about many Provider patients to decide what additional services the Provider should offer, what services are not needed, and whether certain new treatments are effective. We may also disclose information to doctors, nurses, technicians, health care students, and other Provider personnel for review and learning purposes. We may also combine the medical/dental information we have with medical/dental information from other Providers to compare how we are doing and see where we can make improvements in the care and services we offer. We may remove information that identifies you from this set of medical/dental information so others may use it to study health care and health care delivery without learning a patient's identity.
- **Appointment Reminders.** We may use and disclose medical/dental information to contact you as a reminder that you have an appointment for treatment or dental care at the Provider.
- **Treatment Alternatives.** We may use and disclose medical/dental information to tell you about or recommend possible treatment options or alternatives that may be of interest to you.
- **Health-Related Benefits and Services.** We may use and disclose medical/dental information to tell you about health-related benefits or services that may be of interest to you.
- **Fundraising Activities.** We will not use information about you in an effort to raise money for the Provider and its operations.
- **Authorizations Required**  
We will not use your protected health information for any purposes not specifically allowed by Federal or State laws or regulations without your written authorization, this includes uses of your PHI for marketing or sales activities.

- **Emergencies.** We may use or disclose your medical/dental information if you need emergency treatment or if we are required by law to treat you but are unable to obtain your consent. If this happens, we will try to obtain your consent as soon as we reasonably can after we treat you.
- **Psychotherapy Notes**  
Psychotherapy notes are accorded strict protections under several laws and regulations. Therefore, we will disclose psychotherapy notes only upon your written authorization with limited exceptions.
- **Communication Barriers.** We may use and disclose your health information if we are unable to obtain your consent because of substantial communication barriers, and we believe you would want us to treat you if we could communicate with you.
- **Provider Directory.** We do not maintain a Provider directory about you or any other patients.
- **Individuals Involved in Your Care or Payment for Your Care.** We may release medical/dental information about you to a friend or family member who is involved in your medical/dental care and we may also give information to someone who helps pay for your care, unless you object in writing and ask us not to provide this information to specific individuals. In addition, we may disclose medical/dental information about you to an entity assisting in a disaster relief effort so that your family can be notified about your condition, status and location.
- **Research.** Under certain circumstances, we may use and disclose medical/dental information about you for research purposes. For example, a research project may involve comparing the health and recovery of all patients who received one medication to those who received another, for the same condition. All research projects will be subject to an approval process. This process evaluates a proposed project and its use of medical/dental information, trying to balance the research needs with patients' need for privacy of their medical/dental information. Before we use or disclose medical/dental information for research, the project will have been approved through this research approval process, but we may, however, disclose medical/dental information about you to people preparing to conduct a research project, for example, to help them look for patients with specific medical/dental needs, so long as the medical/dental information they review does not leave the Provider. We will almost always generally ask for your specific permission if the researcher will have access to your name, address or other information that reveals who you are, or will be involved in your care at the Provider
- **As Required By Law.** We will disclose medical/dental information about you when required to do so by federal, state or local law.
- **To Avert a Serious Threat to Health or Safety.** We may use and disclose medical/dental information about you when necessary to prevent a serious threat to your health and safety or the health and safety of the public or another person. Any disclosure, however, would only be to someone able to help prevent the threat.
- **E-mail Use.**  
E-mail will only be used following this office's current policies and practices and with your permission. The use of secured, encrypted e-mail is encouraged.

We may also disclose medical/dental information about you in response to a subpoena, discovery request, or other lawful process by someone else involved in the dispute, but only if efforts have been made to tell you about the request or to obtain an order protecting the information requested.
- **Law Enforcement.** We may release medical/dental information if asked to do so by a law enforcement official:
  - in response to a court order, subpoena, warrant, summons or similar process;
  - to identify or locate a suspect, fugitive, material witness, or missing person;
  - about the victim of a crime if, under certain limited circumstances, we are unable to obtain the person's agreement;
  - about a death we believe may be the result of criminal conduct;
  - about criminal conduct at the Provider; and
  - in emergency circumstances, to report a crime; the location of the crime or victims; or the identity, description or location of the person who committed the crime.
- **Coroners, Medical Examiners and Funeral Directors.** We may release medical/dental information to a coroner or medical examiner. If you request a copy of the information, we may charge a fee for the costs of copying, mailing or other supplies associated with your request.
- We may deny your request to inspect, receive or direct copies be sent of your medical/dental information in certain very limited circumstances. If you are denied access to medical/dental information, in some cases, you may request that the denial be reviewed. We will comply with the outcome of the review.

You have the right to request an amendment for as long as the information is kept by or for the Provider. In addition, you must provide a reason that supports your request.
- We may deny your request for an amendment if it is not in writing or does not include a reason to support the request. In addition, we may deny your request if you ask us to amend information that:
  - Was not created by us, unless the person or entity that created the information is no longer available to make the amendment;

Your request should indicate in what form you want the accounting (for example, on paper or electronically, if available). For example, you could ask that we not use or disclose information about a procedure you had. In your request, you must tell us what information you want to limit, whether you want to limit our use, disclosure or both, and to whom you want the limits to apply (for example, disclosures to your spouse).
